RE: Ex Parte Comments: Two originals filed in In the Matter of Review of the Section 251 Unbundling Obligations of Incumbent Local Exchange Carriers, CC Docket No. 01-338; Implementation of the Local Competition Provisions of the Telecommunications Act of 1996, CC Docket No. 96-98; Deployment of Wireline Services Offering Advanced Telecommunications Capability, CC Docket No. 98-147

Dear Commissioners:

The South Dakota Public Utilities Commission (SDPUC) is writing this letter in support of the National Association of Regulatory Utility Commissioners ("NARUC") comments filed in the Notice of Proposed Rulemaking ("Triennial Review NPRM") issued by the FCC in the above-captioned proceedings.

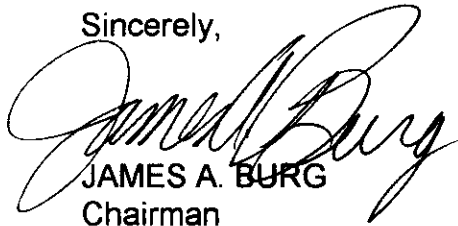

The SDPUC agrees with NARUC that State commission authority to impose unbundling requirements that exceed those imposed by the FCC must be maintained. As stated by NARUC, "State regulators have access to the detailed real-world information that is essential to reasoned decision-making on this issue, employ procedures (such as discovery and cross examination) that are most compatible with

fact-finding and verification, and are in the best position to balance competitive policies with the regulatory/deregulatory framework that governs the ILECs operating within their jurisdictions." NARUC Initial Comments at 7.

The SDPUC also agrees with NARUC that the FCC should not limit the availability of UNE-P. See Triennial Review NPRM at ¶¶ 45-46. Given the expertise of the State commissions concerning the level of competition in their states, decisions regarding the availability of UNE-P should not be circumscribed by the FCC. Moreover, if the FCC decides to remove or restrict the availability of any UNE, State commissions should not be bound by these decisions. Rather, each State commission should be allowed to decide whether any such UNE removal or restriction is justified under the "necessary" and "impair" standards established by section 251(d)(2) or whether the UNE is required by State law or rule.

Finally, the SDPUC joins in NARUC's request that the FCC convene a section 410(b) Federal-State Joint Conference to facilitate its implementation of the triennial UNE review. The SDPUC believes the participation of the States in the Joint Conference will serve the public interest and result in an informed decision by the FCC on these issues.

Sincerely,

JAMES A. BURG
